

## WHMIS (GHS) TRAINING CERTIFICATE EMPLOYER RESPONSIBILITIES

### ENSURE THE TRAINING RECEIVED IS ADEQUATE

This program provides theoretical training and evaluation of a general nature and may not include hazards specific to your workplace. The intent of this training program is to outline the expected industry safety standards and thereby reduce the number of workplace accidents.

Employers should always ensure workers are properly trained regarding the hazards specific to the employee's workplace, duties and equipment safe handling or operation.

While every attempt has been made to ensure the accuracy and reliability of the contents of the training material presented, eSafetyFirst Canada disclaims any liability or responsibility for its accuracy, loss or damage howsoever occasioned resulting from the use of the information in this training material or for the violation of any regulation with which the information presented may conflict.

#### PRINT YOUR CERTIFICATE

Using thicker paper, print your certificate in colour, cut it out along the trim line and fold it in the centre. A plastic wallet card is also available to purchase from your account.

#### INCLUDE ADDITIONAL TRAINING

Related training such as workplace hazards or equipment training (e.g., operator evaluation checklist) should be attached to this certificate and stored as a proof of training.

#### MAINTAIN A RECORD OF TRAINING

eSafetyFirst Canada maintains secure digital training records in accordance with the T&S of the website. Employers should sign and store a copy of the standard certificate along with any other additional training records while employees should always have a readily available copy of their wallet card, at all times during work.
