This Administrative Record of Training is issued by Energy Safety Canada as an abstract. The official record of a student's program status appears on the certification given by Energy Safety Canada to the student. Those certificates are issued subject to the Energy Safety Canada Certification Agreement which governs their use. Use of this Administrative Record of Training is subject to the same limitations as set out in the Energy Safety Canada Certification Agreement. The Energy Safety Canada Certification Agreement can be found at www.energysafetycanada.com. If the recipient of this Administrative Record of Training is not the requestor, please return this Record to Energy Safety Canada. 1.800.667.5557 www.energysafetycanada.com
